Subsidies

Families very often cannot afford to pay the full cost of care. There are many ways that the county and state can help subsidize child care costs for eligible families. Many families (including some middle-income families) are pleasantly surprised to learn that they qualify for certain kinds of assistance in paying for child care. Child Care Resources of Rockland, Inc. can assist you in finding more information about income-eligible programs.

If you are a working parent, the Rockland County Department of Social Services can help you to determine if you are eligible for child care subsidy dollars. There is an application procedure requiring specific documentation. Call (845) 364-3797 for more information.
